In observance of AmericaSaves Week, the Consortium would like to focus on the importance of purposeful saving. As we know, savings is vital to achieving one's short term and long term financial goals. Using a Priority Spending Plan, Paying Yourself First and tracking where your money is being spent are key pieces of the savings puzzle.

We hope this meeting will be very interactive with healthy discussions that can improve our ability to save and stretch our money. We invite you to share your own saving experiences, both positive and negative, so we may learn from one another effective and useful saving strategies.
